Need not be present to win

What's Included:

- Garmin nüvi 1490T GPS
- FM traffic receiver, vehicle power cable
- Vehicle suction cup mount, dashboard disc
- Owner's manual

Product Features:

Preloaded base map coverage of North America

With up to 1,000 waypoints and 6 million points of interest

5" color touch-screen display

Turn-by-turn voice prompts and text-to-speech technology

Allow you to keep your eyes on the road while navigating with convenient voice guidance that announces the name of streets and exits.

Included FM traffic receiver

Provides real-time traffic updates to help you avoid delays (lifetime subscription included). MSN Direct compatible.

Bluetooth wireless technology

Allows you to connect your Bluetooth-enabled phone for hands-free calling.

Automatic rerouting

Provides alternate travel directions in the event of a deviation from the directions given.

Route planning

Automatically provides multiple routes to your destination, including the shortest route, fastest route, off-road and route avoidance. Lets you plot the most fuel-efficient route.
